

4" 12V Low Voltage Downlight

High Quality, Design and Energy Efficient

4" Low Voltage Retrofit features an integral tunable CCT switch to change the color temperature appearance. Spun aluminum body provides clean sharp edges with deep regressed round aperture deliver anti-glare illumination. It's an economical solution to convert existing, new construction or remodel low voltage recessed housings into LED luminaire.

CCT SWITCH

FEATURES

- 12V Low Voltage GU5.3 base
- 750lm / 10W
- Selectable CCT: 2700K, 3000K, 3500K, 4000K, 5000K @ 90+CRI
- Baffle or Smooth Reflector option in Black or White finishes
- Compatible with 4" IC & Non-IC Recessed Low Voltage Housing
- Dimmable
- cETLus listed

LS-LV4-5CCT-BF-BL
4" 12V 5CCT Baffle, Black

LS-LV4-5CCT-BF-WH
4" 12V 5CCT Baffle, White

LS-LV4-5CCT-SM-BL
4" 12V 5CCT Smooth, Black

LS-LV4-5CCT-SM-WH
4" 12V 5CCT Smooth, White
