

## LS-UCL SERIES

### Adjustable Lens LED Under Cabinet Light

LUMENS: 320-1300lm

COLOR TEMPERATURE: 27K/30K/35K/40K/50K

APERTURE: Linear

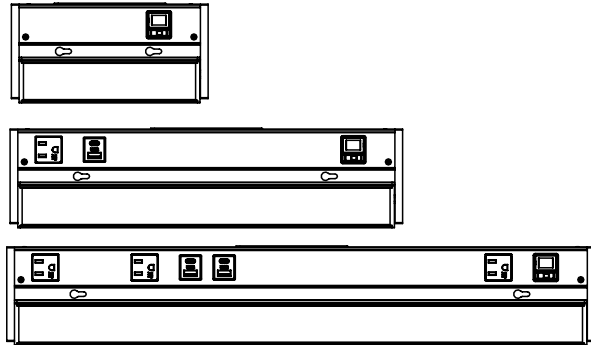

**Description** Adjustable lens LED Under Cabinet Lights are a versatile and efficient lighting solution designed to enhance your kitchen's functionality and aesthetics. Featuring an adjustable lens, these lights allow you to direct illumination precisely where it's needed, ensuring optimal visibility for cooking and food preparation. With a built-in driver, installation is simplified, eliminating the need for additional external components. The low-profile design ensures a sleek appearance that seamlessly integrates into your cabinetry. Capable of linking up to 200W, these lights provide ample power for expansive kitchen spaces. Additionally, the convenient 5VDC USB port adds modern functionality, allowing you to charge devices or power small appliances, making them an ideal choice for any kitchen installation.
