

LSPK-3CTWH

3" 24V 3CCT LED Puck Light

LUMENS: 240lm

COLOR TEMPERATURE: Selectable 3CCT

APERTURE: Round & Square

Quick Connect

CCT Switch

Description The 24V Puck light LED system is great for accent, under cabinet, in-cabinet, niche, and jewelry cases, and other applications with limited space. These low-profile fixtures can be spaced together to provide excellent and even illumination on all surfaces. With the frosted acrylic lens, the 24V pucks delivers smooth lighting and can be recessed or surface mounted. The durable aluminum housing is an excellent heat dissipation.
